Subject: Additional Bullets (Updated)

- 1) The EPA Administrator will be visiting the ESF-10 Incident Command Post in Corpus Christi on Wednesday, August 20, 2017. (This was confirmed with David Gray)
- 2) Seven Hazard Evaluation teams will be in the field on Wednesday August 30, 2017. One team will focus on the Corpus Christi and the other 6 will move east. The teams will consist of one Texas Commission on Environmental Quality (TCEQ) staff and one member of the 6th Civil Support Corps.
- 3) One Water Infrastructure team consisting of two TCEQ staff. They are slated to visit two systems based on information developed by the TCEQ/EPA call bank in Austin, TX.
- 4) One Oil Discharge Assessment Team consisting of US Coast Guard (USCG) Strike Team members will visit multiple locations based on information from evaluations entered into Response Manager.
- 5) One Emergency Response Team will be formed and be available as needed. The team will consist of two USCG Strike Team members.
- 6) At the Incident Command Post on Wednesday, August 30, 2017, an 0700 Just-In-Time training on the NDOW forms will occur. Following the training the team will meet for an Operations and Safety Briefing. At 0800 the Incident Commanders will meet to develop Objectives from which the Planning P will begin and an Incident Action Plan developed. In addition the initial Situation Report will be created.
